Nova Hotel Renovation & Construction Opens Procurement and Sourcing Office in Vietnam

HO CHI MINH, VIET NAM / CLEARWATER, FL, USA (November 4, 2013) – Nova HRC, a leader in hotel and resort renovations, has opened a new office in Ho Chi Minh City, Vietnam to provide sourcing and procurement services to the hospitality industry as part of its package of hotel renovation and construction services.

Nova HRC proudly announces the appointment of Henry Tohu as its Purchasing & Business Development Manager at its Vietnam office which is tasked with overseeing FF&E and construction material sourcing throughout the region including Vietnam, China, Thailand, and India.

Overseas sourcing played an integral part of the renovation of several Radisson, Hilton, Marriott and various historic properties where Nova HRC provided several million dollars of beautiful furniture, fixtures, millwork, stone, flooring and glass at a substantial cost savings. Most recently, the renovation of Southern California's Hilton Garden Inn Anaheim/Garden Grove contained custom millwork and intricate furnishings procured by Nova HRC.

Nova HRC specializes in global hospitality renovation and construction projects, servicing all segments in the industry. The company directors and executive staff are a fusion of hoteliers and construction experts, allowing for a uniquely dynamic, yet thoroughly practical, approach to renovation and hotel operations.
